Food Stamp Plan to Start on April 1

More Than 150 Randall County Families Will Be Under Stamp Arrangements

The Food Stamp plan becomes effective in Randall county on April 1. The commodity store was closed this week and after April 1st all groceries will be handled through the local grocery stores.

Those eligible to participate are those working on WPA, those receiving direct relief, those receiving Old Age Assistance, those who have dependent children and needy blind, those on FSC.

Mrs. Velma Lyons has certified 97 families are eligible to receive stamps, and has another group of applications ready to send in. She believes that about 150 families are eligible for the benefits of the stamp plan.

Under the plan, families will buy orange colored stamps which are redeemable at grocery stores at regular retail prices. When these stamps are bought, the families are given free of charge blue stamps which are redeemable in groceries at retail prices. Mrs. Lyons urges all who are eligible to see her at once and make application for their April allotment of stamps.

Those who are eligible will mail their order for stamps to the office in Amarillo. They cannot go after the stamps, but these will be mailed back to them. Each family will be given a chart showing just how many orange stamps they may buy, and how many blue stamps will be given to them free with each remittance of cash. The county of Randall and city of Canyon are paying all expenses incident to the stamp plan with the exception of the money orders which must be mailed monthly for the stamps.

Mrs. Lyons is anxious to assist the people of Randall county in getting started on the stamp plan, and will be glad to have them call at her office this week for full information.

Grocers will meet Monday night at the court house to finally go over the plans and explain all details to clerks in the stores. All grocers in Canyon are participating.

1942 Car Plate Sales Are Light

All Cars Must Be Equipped By April 1; Bring Certificate of Ownership to Office

1942 car license plates must be bought before midnight of April 1 if you expect to use your car on the highways of Texas.

Car plate sales have been slow, according to Tax Collector M. E. Cantrell. It is believed that many car owners will put their cars in storage on account of the rubber shortage.

Car owners are urged to take their certificate of ownership to the Tax Collector's office as 1942 license plates cannot be issued without this certificate.

Dairymen to Hold Annual Banquet 8:30 Friday Nite

The 14th Annual Banquet of the Randall County Dairymen's Association will be held Friday evening at 8:30 o'clock. It is expected that 150 members of the association and their families will attend the banquet.

H. R. Fulton, Earl Burtz, John H. Wright and Albert Brown are members of the ticket selling committee.

Dr. Conrad W. Freed and Clyde Warwick have been invited to speak on the program following the banquet.

March Winds on Blow Two Days

Just to show us that this is March, a rather spry wind swept the Plains Tuesday and yesterday. During Tuesday night the wind was the highest experienced this year—but no damage was done.

A light sprinkle during Tuesday night amounted to .03 of an inch of moisture. Moisture this month has amounted to .69 of an inch, and a total of 1.10 inches has fallen since the first of January.

The weather has been ideal, with plenty of warm sunshine. Gardens are being planted; wheat covers the ground; farmers are plowing and trees are budding.

Chas. E. Kilgore Died Tuesday, With Funeral Yesterday

Charles Emerson Kilgore, 84, died Tuesday night at 11:45 o'clock at the home of his daughter, Mrs. Elsie Money. He has lived here during the past 12 years. He was a member of the Presbyterian Church and of the Masonic lodge.

The funeral was held yesterday afternoon at 5 o'clock at the Griggs-Thompson Funeral Home, conducted by Rev. Joe Findley, pastor of the Christian Church.

Interment followed in Dreamland Cemetery. Pall bearers were: Bill Davis, Jim Cheyne, John Guthrie, Ed Weeks, Carl Hair, A. B. Duncan.

Surviving is one son, C. C. Kilgore of Caruthersville, Mo.; two daughters, Mrs. Etta Long of Springfield, Mo., and Mrs. Money; four grand children and four great grand children.

FIRE SUNDAY

The Canyon Fire Department was called out Sunday evening when a fire was started in a brooder house at the McDougal home, 1803 Fourth Avenue. However, the flames had been extinguished when the truck got there.

Mr. and Mrs. Cecil Hagood and boys of Floydada, Mr. and Mrs. Joe Jennings and family of Lorenzo, Mr. and Mrs. Vester Hill of Spearman, Mr. and Mrs. Morton Phillips of Hale County, Mr. and Mrs. Jack Neil Jennings, Mr. and Mrs. Clyde Davis, and Doris Ann Jennings spent Sunday in the parental W. A. Jennings home.

Guests of Mr. and Mrs. G. W. Cox the latter part of last week were Mr. and Mrs. Tyson Cox and Tysene of Shamrock and Mr. and Mrs. Sewel Cox and Sewel Douglas of McLean.

Two Buffs to Play in All-Star Game; New York in '43

Price Brookfield, forward, and Charles Halbert, center, have been chosen to play on an all-college team in New York City Saturday night against an all-star army team in a great benefit exhibition. West Texas Buffaloes were honored by being the only team to place two men on this tournament star team. Coach Al Baggett is staying in New York with Brookfield and Halbert to assist in the benefit performance.

The Buffaloes have accepted an invitation to return to Madison Square Garden next January. The Buffs are the greatest drawing card ever to be brought to the big city. On the strength of the two performances of the Buffs in the Garden this year, the invitation was given to return. On this trip the Buffs will play again at Buffalo, N. Y., in New York City and in Philadelphia. More than 50,000 people saw the Buffs play in three games in those three cities in January of this year. Coach Al Baggett believes that this invitation to return to the East is the greatest recognition that could be given to the Buffaloes.

Other members of the team left for Canyon last night and will arrive Friday night.

HAD OPERATIONS

Miss Ellen Sanders underwent an operation for sinus trouble at an Amarillo hospital Friday.

Mrs. T. S. Maxwell was called to Texarkana Tuesday night when her daughter, Mrs. George Vineyard underwent an emergency operation for appendicitis.

Mr. and Mrs. I. M. Steen gave a birthday dinner Sunday evening for their daughter, Mrs. Jimmie Campbell of Amarillo. Mr. Campbell and daughter, Vicky, were also here.

Mr. and Mrs. Henry Long have returned to Canyon after having spent several months at Wellington where they had been for Mr. Long's health. Mr. Long states that his condition is much improved.

Miss Jean McAtee was here Sunday and Monday with her parents, Mr. and Mrs. W. H. McAtee.

30 Men Called For 16th April

Largest Call For Military Service Is Received Since Company F Left for Camp

Randall county has been called upon to furnish 30 men to the army on April 16. Physical examinations are being given the men this week and notices of induction will be mailed to those who will answer this call.

About a third of the men on this call are now located at other places and will be transferred for their induction into the army.

Tony Rossi and Thurston Kukendall left Saturday for Fort Sill, Okla., to enter the army.

The following have volunteered this week:

Earl Thomas Rives, navy.
John Edward Campbell, navy.
Joseph William Dameron, air corps.
Chester Frank Smith, navy.
Bob Hasty Sisson, air corps.

Lions Minstrel to Be Held April 27-28 Local Benefit

The Second Annual "all-negro" minstrel will be staged by the Canyon Lions Club here on April 27-28. The minstrel last year was one of the most successful home-talent entainment features put on in Canyon in some time.

Bob Clark is general manager of the show with the following helpers: Houston Bright in charge of the music; Harold Barnett, minstrel band; M. E. Cantrell, advertising.

End men will be L. E. Van Meter, Rev. Joe Findley, Rotarian Bill Smith, Carl York, Conrad W. Freed and Bob Clark. A. K. Knott will act as interlocuter.

Money received from the two night shows will go to sponsor children's activities in Canyon during the summer, such as swimming, play ground activities and summer band; some will be donated to the Dahlia Society; some to the County Library building fund, which was started by the Lions Club last year; some will be used to buy robes for the College Choir; and a reserve will be set up to further aid any of these projects should the need arise.

On April 27 the show will be staged in the College auditorium, and on the 28 it will be put on in the High School auditorium.

Men 45-64 To Register

Baptists Convene Here Next Week

DR. T. C. GARDNER

The annual convention of District Nine, comprising twenty-two counties, will be held in Canyon Tuesday and Wednesday, March 31 and April 1, and five hundred visitors are expected for this two-day meeting. The first day will be held in two sections with the Woman's Missionary Union at the Baptist church and the Layman's Brotherhood at the First Christian Church. There will be morning, afternoon and night sessions, and visitors are invited to all of them.

The second day both men and women will meet together and the emphasis will be on Training Union and Sunday school work. The morning session begins at 10:00 and Dr. T. C. Gardner of Dallas, internationally known youth leader, will be the chief speaker. In the afternoon Dr. G. S. Hopkins of Dallas, Texas Baptist Sunday School leader, will speak and lead conferences. Other Texas leaders appearing on this two-day program include Mrs. B. A. Copass of Ft. Worth, state president of the Baptist Woman's Missionary Union; Dr. A. C. Miller, Texas Baptist superintendent of work among men in the armed forces; Judge E. S. Cummings of Abilene, president of the Texas Baptist Laymen's Brotherhood; R. A. Springer of Dallas, treasurer of the Baptist General Convention of Texas; and fifty-eight others who have some part on the two-day program.

This is the largest Baptist meeting held on the central of South Plains and will bring many visitors to Canyon.

Mrs. J. T. Burnett spent part of last week visiting Mr. and Mrs. Roy Campbell in Santa Fe, N. M. Mrs. Campbell is a daughter of Mrs. Burnett.

Mr. and Mrs. Nash Thompson and family of Vega spent Thursday night with Mr. and Mrs. R. O. Moore.

Mrs. Urban Brown is spending the week in Shamrock visiting her mother, Mrs. J. E. Throckmorton.

Large Group of Men To Register

Largely Non-Military Duties Possible Among Registrants of April 27

"The fighting men have been called," exclaimed veterans of World War I, when it was announced that the fourth registration would be held on April 27. This will call for men 45 years of age inclusive.

The third registration in February took men up to 44 years, and now all men up to 65 years will be registered.

However, it is unlikely that many men in the 45-64 age bracket will be called into military service.

Boys 18 and 19 years of age were not called to register on April 27, but it is expected that a day will be set soon for the registration of this group.

The first registration of men came on Oct. 16, 1940 when men 21 to 35 were enrolled. The second registration was held on July 1, 1941, which included men who had reached 21 since the first registration. The third registration was held on Feb. 16, taking all men 20 to 44 years of age who had not registered on the first two calls.

It is intimated that in the coming registration, men will be sought for defense jobs rather than for military purposes. This bracket includes practically all of the veterans who went through World War I.

No information has been received by the local Selective Service Board regarding the fourth registration. It is likely that the same plan will be followed as in the last registration.

School Census to End on Tuesday

The annual census of scholastics will close in Canyon on next Tuesday.

S. B. Orton is taking the census and asked that parents who have not given in their children of scholastic age see him this week.

The state pays $22.50 per capita to the school district for all children of scholastic age and the district is very anxious to have all of these children enumerated.

Miss Margaret Nicholas of Hart and Dean Nicholas of John Tarleton College at Stephenville spent the week end here in the parental D. A. Nicholas home.

Week end guests of Mr. and Mrs. R. D. Lowry were Mrs. Gladys Phillips and family, Mrs. Alex Hale and son of Booker, and Mr. and Mrs. Lowry and son of Clarendon.

Week end guests of Mr. and Mrs. J. A. Moore and Mrs. Velma Lyons were Mrs. Grady Pearson and family of Stratford. Mrs. Pearson is a daughter of Mr. and Mrs. Moore.

Canyon To Have War Time Starting Next Monday a.m.

Canyon will swing into war time next Monday.

College classes scheduled at 8 o'clock will start at that hour instead of an hour later.

The public schools will open at 9 o'clock, instead of 10 o'clock.

Canyon did not change to war time when the law became effective in February owing to the fact that school busses brought so many children here, and these students would be forced to leave their homes long before daylight.

All business houses, churches and organizations will swing into war time schedule next Monday. Church services will be held under the old schedule next Sunday but will change to war time Monday for all other services of the weeks to follow.

Business houses will open at 8 o'clock; lunch time will come at 12 o'clock and closing time will be 6 o'clock in the evening, starting next Monday.

Sugar Registration Not Be Held Until First Week of May

Sugar sales in the United States will be stopped at midnight on April 27.

Families will register and receive ration coupon books on May 4, 5, 6 and 7. Registration will be held at the grade school buildings throughout the nation.

Wholesalers, retailers, bakers, confectioners and other industrial users will register at high schools on April 28 and 29.

It has not been determined whether the weekly individual ration would be a half pound or three quarters of a pound.

Officials stated it would be the first general registration of American citizens of all ages and the largest task of its kind ever undertaken although the census covered as much ground on a "head count" system. It can be used as the basis for rationing of all kinds.

Spokesmen said that the registration would follow this pattern:

Individual consumers will go to designated public schools at hours to be fixed locally on any of the May dates. Teachers — probably 1,250,000 to 1,500,000 of them—will serve as registrars.

One member of a family can register the entire household. He or she will fill out and sign an application giving the name, age and address of each applicant, and the amount of sugar on hand. Each person will receive a war ration book. It will contain 28 stamps. Each stamp represents a two-week sugar allotment. (That is, each will permit the holder to buy a pound or pound and a half of sugar during the period but the exact amount has not yet been determined.) If the stamp is not used in the buying

Mr. and Mrs. Allen Early of Amarillo Gives Beautiful Home to West Texas State

West Texas State College today announced that Mr. and Mrs. Allen Early of Amarillo have given their magnificent residence at 2101 Harrison, in Amarillo, to the local institution to be used for educational purposes.

The residence, which originally cost more than $100,000, is unusually adaptable to the purpose for which the donors gave it. It has a full basement and three additional floors. The top floor includes an auditorium, with a small stage, and has a seating capacity of about 150 persons. Several hundred persons could be comfortably accommodated on the four floors in activities, lectures, exhibits, and similar functions.

"The faculty, students, ex-students, and friends of West Texas State rejoice in the very substantial and useful gift which Mr. and Mrs. Early have made to this institution," President J. A. Hill said in making the announcement.

Dr. Hill said he was not prepared at this time to make a detailed statement of the various educational activities which will be conducted in the Early building. But he added:

"We believe that Amarillo and the general public will be greatly pleased with our program. A committee of faculty members is at work on the project and is favorably considering a nursery school, an adult educational program, various types of exhibits, extension classes, certain types of social activities, and inspirational lecture series."

This committee will seek suggestions from Amarillo people as to public needs which might be served, in the fields of education and culture, which are not already being served by some other agency.

In commenting on the gift, Dr.

LETTER TO PRESIDENT

President Franklin D. Roosevelt,
The White House,
Washington, D. C.

Dear Mr. President:

I was amazed to read of your defense of the 40-hour per week law, with its unjust provision for one and one-half overtime. I am surprised that you insist on holding this so-called social gain, while at the same time we are losing the war.

Speaker Rayburn takes a back-handed slap at the American people who are protesting to you and to Congress, intimating that the people do not know what they are talking about.

Mr. President, you are much concerned about the conduct of this war. You are in the midst of Washington activities where billions of dollars are being spent. Very frankly, it is the spending of these billions which has aroused the people of America. They are willing for you to spend all of the money necessary to win the war—down to the last dollar that every man, woman and child own. But they are distressed that you are willing to pay tribute to a few million workers at the expense of the rest of us. You want to continue paying tribute to organized labor, paying unjust and unnecessarily high wages when the balance of us are being bled to death.

I live in a small town. There is not a single business man here who has not seen his business rapidly vanish because of the war. He has no way to recover that business—because this is war—and he is caught by the stringent necessities of war. He is willing to face the uncertainty of the future, if he knows that all people are suffering alike.

But all Americans are not suffering alike. You called upon the people to work longer hours, produce more, do without luxuries. You said that, but you did not mean it for all the people. You reserved the right for organized labor on defense projects to continue collecting a high tribute at the expense of the balance of us. You say there is no law to keep men from working more than 40 hours per week, but you neglected to say that these men draw time and one-half for all hours over 40 hours. You are causing war industries to pay men $50 to $100 per week who never earned half that much in civilian life.

Understand, the men are not to blame. The labor racketeers of this nation are in the saddle. They are organized and threaten the security of this nation. They force Congress to pass laws to their liking and then exact high tribute from the workmen in the way of dues and benefits. I am convinced that 90% of the workmen are willing for a 48-hour or even 54-hour week if it is necessary to win the war. But the white-collared labor leaders in Washington are holding this unjust law on the statute books.

Can you imagine farmers of America working 40 hours per week and then collecting time and one-half overtime to produce the food which you are demanding? Farmers are working 80 and 90 hours per week. You are placing a ceiling on products, but allow organized labor to run up the labor bill to the limit.

The more you pay for tanks, planes and war machines—because of this unjust overtime law—the more taxes the people will have to pay, and the more bonds we shall have to buy. Mr. President, this money belongs to the people and we believe that we have a right to tell you to spend our money economically. We are bitterly opposed to the continued program of paying tribute to one class of people at the expense of the rest of us.

I would hate to see the same thing happen to your administration which happened to that of Woodrow Wilson during World War I when the people turned out his friends and elected a hostile House of Representatives. But I am assured that this thing can happen to you unless you act and act immediately. The people have confidence in you and will back you to the limit, but they want to see this war won as quickly and economically as possible. The people are sick and tired of the Social frills which have been imposed by your Secretary of Labor and want to see production maintained at the limit, without favoritism on the part of government to any class of people.

I hope that you will take into consideration all of the people of the nation while spending all of those billions of dollars instead of pouring it into the laps of the favored few who happen to jump from civilian jobs into defense industries.

Yours very truly,
CLYDE W. WARWICK,

ANOTHER INJUSTICE

The News has pointed to a number of things which take place and which are an injustice to the local newspaper. Another injustice has developed—local clubs and organizations peddling greeting cards.

The Ochiltree County Herald discussed this injustice last week. The thing Van Stewart says about Perryton is equally true of Canyon.

Why do local organizations sell greeting card business in Perryton with local business firms? For a number of years, the greeting card soliciting by local organizations was confined principally to Christmas cards, now they're in the every-day card business.

These same organizations would not think of going out and selling from door to door, groceries, dry goods, drugs, hardware or furniture. Yet they sell greeting cards. What's the difference?

This newspaper pioneered the greeting card business in Perryton. Now greeting cards can be purchased in many Perryton business houses. We do not think that local organizations, be they fraternal, church, school, or what-have-you are being fair when they go into direct competition with Perryton business houses by selling any item regularly stocked and offered for sale.

It is now freely predicted by newspaper reporters that the Democratic party will lose control of the House of Representatives this fall unless Roosevelt cleans house at once. He is charged by the people with not settling strikes; with favoring the 40-hour week in spite of its hampering war production; with keeping old men in his cabinet, whereas he fought four years ago to clear the Supreme Court of old men; with keeping inefficient Madame Perkins on the labor job. The President may not be to blame for all of the mishaps of the war, but the people are getting disgusted and may clean the House and number of Senators. The same thing happened during the Wilson administration when Mistakes of World War I were revealed.

The world was electrified to hear that General MacArthur had broken through the Jap lines with members of his staff and was now in command of United armed forces in Australia. MacArthur commands the respect of all of the Allied forces. He believes in an offensive war. But MacArthur must have men and munitions to whip the Japs, and unless the United States can get these to him his mission in Australia will not turn out like we all hope.

Marriage Expert Coming in April

Third Annual Conference Will Be Broader Than Previous Occasions

DR. GRACE SLOAN OVERTON

West Texas State's third annual Marriage and Family Life Conference will be held from April 6 to April 11.

The featured speaker this year will be Dr. Grace Sloan Overton of Adams, N. Y., one of the nation's leading authorities on marriage problems. She will have an exceptionally full program, with lectures and conferences arranged for many groups. "Are You a Human Being?" will be her subject for a talk to the Student Christian Association.

Students will hear assembly talks on "Why Physical Integrity?", "Making Romantic Marriage Socially Sound," and "Marriage and the Family After the Duration." Discussion groups, some restricted by sexes, will talk about "Pre-marital Experiences and Happy Marriages," "Personality Integrity in Choice of a Mate," "Why Engagement?", and "Civilian Girls and Soldier Boys."

Dr. Overton will speak at breakfasts, dinners, vesper services, before the Youth Council, the Older Girls' Conference, the Randall County Coordinating Council, Home Demonstration Clubs, and the American Association of University Women. She will reserve time each day for personal conferences.

She is the author of books on drama in education, counseling, and marriage relations, and has written scores of articles for magazines. She is a former executive secretary of the Youth Division, Greater New York Federation of Churches. For several years she has been lecturing and holding conferences in various parts of the country.

Allen Early Home

(Continued from page 1)

Hill remarked: "When it is considered that the University of Texas is 500 miles to the south, the University of New Mexico is 300 miles to the west, the University of Oklahoma is 300 miles to the east, and the state universities of Colorado and Kansas are some 500 miles to the north, it is seen that West Texas State is admirably situated for the building of an institution of outstanding national importance. Northwest Texas has reached the point in her development where she needs and can have just such an institution. To build here such educational facilities will require the cooperation of many persons. All really great colleges and universities must be recipients of many benefactions."

Dr. Hill pointed out that the late Will C. Hogg set up a $25,000 student loan fund at West Texas State. The late Judge A. B. Martin provided another substantial loan fund, and other organizations and individuals have done likewise. Judge James D. Hamlin of Farwell will give his great art and antique collection as soon as the addition to the Panhandle-Plains museum is completed. Hundreds of persons have made gifts and loans to the museum, ranging in value from a few dollars to thousands of dollars. The Early gift just announced is one of the most substantial made to the institution.

The Early home has many appointments which make it ideal for educational activities. The basement has been used as a gymnasium and recreation room. Dining and reception rooms on the first floor are large. Bedrooms on the second floor are large enough for small classrooms. A sleeping room with built-in beds could be quickly converted into a large lecture room. The third floor auditorium could be used for meetings, lectures, exhibits, plays, and similar activities. Dumbwaiter service makes it possible to serve meals on every floor.

The building has steel and brick construction. It faces westward on the corner of a property 210 by 140 feet. A tennis court is south of the residence, and there is a two-car garage, work room, and apartment at the rear of the lots.

Kitchen facilities are extensive. In the basement are a water softener, incinerator, and steam heater. Telephones connect each floor. Closets and bookcases are unusually large, and numerous.

Mr. and Mrs. Early will vacate the property in late summer.

The Board of Regents in session yesterday in Austin accepted the gift of the Allen Early home and expressed appreciation for the gift.

period, it will not be good thereafter.

The registrar will tear out of the book a sufficient number of stamps to cover the amount of sugar in excess of two pounds per person on hand at the time of registration. Consumers will give stamps to store keepers when purchases are made and the storekeepers will use the accumulated stamps, in turn, when they buy fresh supplies.

It was estimated that registration would require five minutes per each person registered.

Van Meter Works on First Track Team in Years

The untested track and field team of Coach Leslie Van Meter will get its first crack in the big time next month when the West Texas crew will clash with Texas Tech on the eleventh of April.

If J. P. McMahan happens to be in his usual running form, Tech will need more than a stop watch to get his time. With the little practice that McMahan has had in the comparative short training period, he has been doing the 100-yard dash considerably under 10 seconds.

Another record will fall along the wayside if big Leslie Curb gets in gear and bounces over the 220 low hurdles the way he has been doing. John Thomas and Joed Forbus have both been doing double duty in the shot put department.

Again Coach Van Meter urges all men interested in track to report to him at once so as to be in shape for the Border Conference meet is to be held the last week in April.

Buffs Start on Spring Training for '42 Football

Resolved tb upset the title aspirations of such teams as the Hardin-Simmons Cowboys and the Texas Tech Raiders, Coach Leslie Van Meter has the gridiron thawed out and will be ready to start the 1942-'43 edition of spring training by the second week in April.

Although there are 13 returning lettermen, Uncle Sam has tied a rope around 7 of them. The lettermen of last year include J. W. (Andy) Anderson, Leslie Curb, Bufford Emler, Bill Flowers, Joed Forbus, Bill Hall, John Thomas, James Love, J. P. McMahan, O. C. Rampley, Leo Steinkoenig, Mack Winters, Walter Word. Those eligible for the draft are the first seven mentioned.

With the possibility of these seven having to leave, Van Meter may have to mold his next season's squad from those six that will be back.

Looking over the Freshman prospects for the coming fall the team will be seeing the play of some new men as Billy Rampley, Harold Adams, Alva Fink, Don Anderson, and Jack Keler.

Also there will be returning most of the Regular Frosh squad of last year. It has not been definitely designated as who they will be.

Girl Scout News

Awards for selling the most Girl Scout cookies were made March 17 at the banquet in the Methodist Church to Barbara McDougal and Florence Marie Coffee, Brownies, and Ellen Root, Joan Morton, and Fannie Alice Pierce, Girl Scouts.

Tenderfoot pins were presented the following Tenderfoots by Miss Ida Mae McClure, Girl Scout director of Amarillo: LaVerne Hutchinson, Sue Ann Moreman, Joan Stallings, Faye and Sue Dickerson, Betty Jo Ponder, June Long, and Suzanne Owens.

Second class badges went to: La Wanda Moore, Margaret Lou Tate, Lorena Piper, Velta Speer, and Ellen Root.

First Aid badges were awarded: La Wanda Moore, Billy Ponder, Marilyn Condron, Ruth Ann Soll, Velta Speer, Zorene Oldham, Ellen Root, Lorena Piper, Bonita Brown, Margaret Lou Tate, and Fannie Alice Pierce. These were awarded by Miss Ruth Cross, who also awarded the Cyclist badge to La Wanda Moore and Margaret Lou Tate.

It was one of those trials at which psychiatrists are employed. "Now," the psychiatrist asked the defendant, "if one of your ears were cut off, what would happen?"

"Why, I could hear only half of what you said."

"Very well. And if your other ear were cut off, then what?"

"I couldn't see."

"Tsk! Tsk! Let's go over this again," the psychiatrist said. "What would happen if one ear were cut off?"

"I could only hear half."

"And if the other ear—"

"I couldn't see."

"And will you explain why you couldn't see if both ears were cut off?"

"My hat would fall down over my eyes."

A hillbilly was visiting a Nebraska farmer. The farmer said, "Doggone it all, Bill, I sure have the toughest luck. A week ago I had a carload of prime hogs ready for market, and they got cholera and died. It's the craziest ailment ever."

PRESBYTERIAN CHURCH

Palm Sunday will be observed in all departments at the Presbyterian Church next Sunday morning. At the morning worship service at 12 Noon the Easter Communion Service will be held and the young people in the Communicant's Class will be received into the membership of the Church. The theme for the Communion Meditation will be "Palm Sunday and the Lord's Supper."

The theme for the evening worship service on next Sunday will be "The Glory Line." Special music will be brought at this service by the College Young People. At the Sunday School hour the Adult Class will be in charge of the worship service with the theme "The Master."

Special Services

Two special services will be held during the week preceding Easter, with the Presbyterian and Christian Churches cooperating and to which members of the entire community are invited. The first service will be held on Thursday evening of next week at the Christian Church at which time the Sacrament of the Lord's Supper will be observed, on the evening of the week in which it traditionally was observed by Jesus and His Apostles. The Day of the Cross, or good Friday, services will be held on Friday evening in the Presbyterian Church.

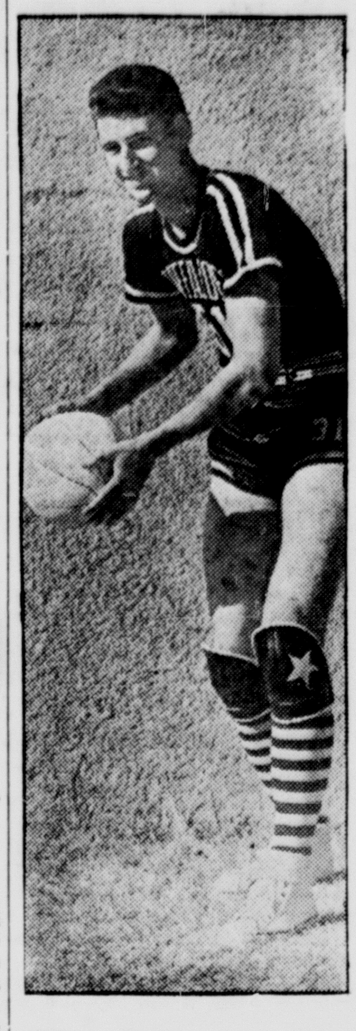
New Captain



William Stockman, lone survivor of the Border Conference championship quintet starter available for next season, has been elected captain for next year. The younger of the far-famed Missouri brothers, "Bill" came through this season as a starting guard and developed rapidly as a scorer. His long distance set shots were especially valuable.

Steen Describes Early Panhandle

Still a young man having experienced only three years of married life, I. M. Steen, grade school custodian, loaded his cooking utensils, bedding, horse feed and two children aboard his covered wagon, hitched his two horses to the vehicle and abandoned Hamilton County, where, from early childhood, he had dreamed of becoming a cowboy of the finest calibre.

It was in Hamilton County that he and his six brothers and two sisters were born. No elaborate furniture or luxuries modified his early life in the frontier vicinity.

Being deprived of their father at an early age, the Steen children learned early the meaning of work and deprivation.

"There was a distinct difference between the schools of that day and the modern scholastic system," Mr. Steen contends. "In the first place, we were allotted no more than three months annually for mental betterment; and instead of the improved buildings and equipment now commonly used, a small log structure sufficied our educational housing needs.

And another thing, spanking was much more prominent—not so much for what we did, as for what we didn't do!"

Mr. Steen secured his first job at the age of 15 as a herder of 3,000 sheep on a local ranch.

The next period of his life was devoted to ranching. Tom, a big, slow and easy sorrel retains an enviable position in the ranch lover's heart. Although he has

associated with a number of other animals, none ever could fill the shoes of Tom, who, according to his master, "could do anything you wanted him to."

After associating with each other for a number of years, "Ike" and Ora Steen fell before the onslaughts of Dan Cupid and walked the threshold of marriage in the bride's home.

Soon after their marriage, the family decided to venture into new territory; and having a brother in Canyon, Mr. Steen decided to investigate this city's possibilities.

The lack of fences, plowed farms, improved roads, water, automobiles and other mechanical contraptions tended to give the Panhandle visitor of 1900 quite a conflicting impression with that of the 1942 tourist. The distance from Hamilton County to Randall was only 450 miles, but the trip via covered wagon required nine days.

"We had been warned," recalled Mr. Steen," to fill every available container with water before venturing upon the Plains. But when we neared the vicinity which was supposedly the driest, lakes and overflowing creeks abounded."

The newcomers found Canyon a typical small-town frontier. In the place of expensive houses and substantial business firms, rude erections and dug-outs fulfilled the early inhabitants' building requirements.

Business houses were centered on Fifth Avenue around the district then known as "Rat Hole."

"Since the railroad terminated at Canyon, it transacted a surprising business for a town this size. In fact, at one time, Canyon shipped out more cattle than any other place in the United States."

The first car exhibited here was indeed a novelty. To protect its exposed mechanism from the curious spectators, it was kept behind ropes.

Since those early pioneer days, Mr. Steen has been in many other places, but he still maintains there is no place like home.

Before becoming custodian of the grade school, he served the city as carpenter and school bus driver.

Youth Council Members Explain Club Activities in Assembly

Dowd Presides as Council Gives Repeted Program

"A cancelling house serves as a clearing house for checks, as the Youth Council serves as a clearing house for the youth clubs of Canyon," commented Martha Jean Dowd, president of the Youth Council as the council presented the assembly program last Thursday.

Illustrating a realistic program that takes place during a regular Youth Council meeting, students from Canyon High School and West Texas High School demonstrated what takes place in a Youth Council meeting for the assemblies of the Canyon High School and West Texas High School.

Presided over by the president, representatives from the youth clubs gave short speeches on the particular duties and activities in which his club was engaged.

Students giving the ideas of their clubs in Canyon High assembly were James Sharman, vice-president of the Youth Council; Dudley Nix, Boy Scouts; T. M. Moore, West Texas High Future Farmers of America; Jean Marie Kleinschmidt, W. T. Spanish Club; Sam Johnson, Hi-Y Club; Shirley Byars, W. T. Press Club; Frankie Weathersby, W. T. Future Homemakers of Texas; Jill Cooper, Spanish Club; and Shirley Harrell, Canyon High School Future Homemakers of Texas.

Speaking at the West Texas High assembly from Canyon High were Shirley Harrell, Future Homemakers of Texas; Anita Davis, Tuxis; Manis Reed Foster, Royal Ambassadors; Billy Brown, Canyon High Future Farmers of America; Margaret Lou Tate, Girl Scouts; Mildred Gill, Student-Faculty Congress; Polly Winstead, Canyon High Press Club; Georgia Faye Holt, Girls' Auxiliary; and Evelyn Black, Baptist Young People's Union.

Miss Elvia Fronabarger, chairman of the Junior Red Cross, spoke at both assemblies about activities in which the average high school student might participate for National Defense.

Gals Learn to Be Happy-Go-Lucky

"Be Happy-Go-Lucky" was the theme of the Homemaking Club meeting Tuesday afternoon, March 17, in the homemaking laboratory.

"Before we Americans can afford to be happy-go-lucky people, we must learn to follow the rules of safety," confirmed Miss Ruth Cross, head of the physical education department at West Texas State College and guest speaker for the group.

Traffic signals for the bicycles, cars and pedestrians were reviewed while a few details of safe traveling, such as crossing streets and backing from driveways were discussed. Miss Cross related startling accident statistics regarding the home, the street and the the school.

Business included plans for the District Meeting in Panhandle, April 28, ordering state pins for new members, discussing the ways of selecting a representative to the Rally and planning for the panel to be directed by Miss Lilla Clark and Miss Rose Parsley at the Rally.

Reports were given by committee chairmen on the club's work. Beulah Hammond, due to the absence of Martha Oliver, gave an outline of the Texas Future Homemakers Newsletter, which included news from the Canyon chapter.

Sam Entertains Here Tonight

Cal Farley Cast To Give Musical Comical Show

Stuttering, stumbling, imitations and impersonations will make up the program to be presented tonight at 8:30 o'clock by Stuttering Sam and his musical comedy show in the Canyon High School auditorium.

The program is sponsored by the Senior Class of Canyon High School as a part of its campaign to raise money with which to buy the traditional class gift for the school.

This show has been seen by people from all over Texas and the surrounding states and is heard daily on Cal Farley's program at 12:45 o'clock over KGNC, Amarillo.

Stuttering Sam's program was to have been presented February 26; but because of a throat ailment hampering his speech, the date of the performance was postponed.

"I'm positive that everyone will enjoy an evening of this high-class entertainment and that it will be well worth his while to listen to Stuttering Sam rave," said Clarence Thompson, Senior Class president.

Admission prices for this show are 10 cents for grade school pupils, 20 cents for high school students and 30 cents for adults.

Fronabarger Reports Grade Activities Exceed National Defense Given Goal

Giving a short resume of the activities of the Canyon Grade School Unit for the Junior Red Cross, Miss Elva Fronabarger reported the completion of several of their adopted projects.

"Eleven afghans, one crocheted, two knitted, and eight woven have been completed by the grade school. The unusualness of this is the fact that we promised only three," Miss Fronabarger reported. She also said, "We promised 130 book length novels, and we already have collected several hundred.

A recent assignment received by Miss Fronabarger is to make 500 Mother's Day greeting cards to be sent to Fort Bliss. The West Texas High School's art classes are to make 100 of the cards while W. H. Truitt's art classes will construct the remainder.

Having received orders for shipping some of the Red Cross articles, Miss Fronabarger, Randall County chairman of the Junior Red Cross, reported, "We are sending articles to Camp Walters at Mineral Wells, Fort Bliss, El Paso, and Amarillo Veteran Hospital.

"In addition to these army assignments, some gifts are to be made to the Crippled Children's Clinic in Amarillo, the local hospital and to our own Mexican community," she added.

"There is confusion in the minds of some as to what compromises a Junior Red Cross Chapter," confessed Miss Fronabarger. "Some have considered each home room as a club; but our area supervisor, Miss Ruth Fedrick, asks that we do not consider them separate clubs because that always implies a limited membership.

"We want every home room organization in every school in town to know that it forms a unit of the Randall County Chapter," she added.

"I hope this explanation will clear the confusion about membership in the Junior Red Cross," concluded Miss Fronabarger.

Thoughtless students fill their fountain pens every day from a bottle of ink brought to class by a thoughtful student.

Soon the ink is gone. Is this fair?

Each day the government cries out for a seven-day week and longer working hours in order to speed up war production. While every student cannot help in this, he can save his time by spending it profitably during the study hall period.

To help save paper, the Student-Faculty Congress is placing cans on the school grounds in which used paper is to be placed. If each of the 260 students of Canyon High will place his discarded paper in the can, it not only will save for National Defense but also will help to make the school grounds more attractive.

Are you buying Defense Stamps?

If so, you are one of the few high school students to be congratulated.

Oscar Schuette, Defense Stamp salesman, has reported that the sale of Defense Stamps has decreased.

It has been suggested that a plaque be given the class having bought the most Defense Stamps and that the amount of Defense Stamps each student has bought bought during the six weeks be put on his report card.

But don't wait. Buy Defense Stamps now!

McClure and Cross Award Badges to Twenty Scouts

Miss Ida Mae McClure, Girl Scout director for Amarillo, and Miss Ruth Cross, head of the women's physical education department at West Texas State College, presented badges to 20 Girl Scouts Tuesday, March 17, at the supper given in the Methodist Church.

Tenderfoot badges were awarded to LaVerne Hutchison, Sue Ann Moreman, Joan Stallings, Faye Dickerson, Sue Dickerson, Billie Jo Ponder, June Long and Suzanne Owens while second-class badges were presented to La Wanda Moore, Margaret Lou Tate, Lorena Piper, Velta Speer, and Ellen Root.

Marilyn Condron, Ruth Ann Soll, Zorene Oldham, Ellen Root, Bonita Brown and Fannie Alice Pierce also received second-class badges. Cyclist badges were received by La Wanda Moore and Margaret Lou Tate.

To conclude the Scout supper, the girls sang "Taps." Margaret Lou Tate presided as toastmaster.

LOST: A gold Quill and Scroll pin. Turn in to office or Peggy Bishir if found. Reward.

Sophomore Actors Will Begin Work on Humorous Comedy

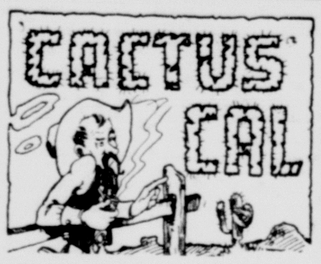
"Sophomore try-outs for the comedy 'Aaron Slick from Punkin Crick', resulted in a very competent casts' being selected by Miss Geraldine Pratt and Mrs. Carl T. York," commented Olin Huff, sophomore sponsor and play director.

The cast includes Aaron Slick played by John Lill; Wilber Merridew, Manis Reed Foster; Gladys Merridew, Molly Nan Ziegler; Clarence Green, Lindsey Taylor; Sis Riggs, Helen Jo Cox; The Girl in Red, Mary Alice Campfield; and Rosey Berry, Billy Jane Bonifield.

This comedy written by Beale Cormack will be presented April 17.

Replacing Delbert McGuire, who has resigned to join the army, Hud Prichard, ex-student of Canyon High, is the new editor for The Prairie. Stuart Condron, also a graduate of Canyon High and a pledge of Tri Tau, is now the sports editor of The Prairie.

Charley McCarthy: I'd rather be brokeo, than be told by Tokyo!



The Quill and Scroll initiation may have caused a lot of misery, but it also proved some of the journalists' ability as poets. One of the rhythmic passages is reprinted here to publicize that talent:

I'm almost completely a total
wreck;
I've no idea what they'll make me
do next.
But as for me,
I'm going to be
On that honor roll
Of the Quill and Scroll.

Bobbie Dowd will go strong now! Helen Jo Cox will be in town quite a bit now that she is in the Sophomore Play.

The newspapers are full of war,
But that's not what I read them for.
Best of all, are the funnies, you see;
I'm sure you'll easily agree with me.

The United States Flag may look like a peppermint stick, but it never has been licked.—Helen Woods.

Johnny Harter's first date was with a five-year-old. Sorta fits him, doesn't it?

John Gill and Manis Foster have a happy little game called (?). It is for study hall only, I think. Miss Pratt, if this is news to you, you had better see about eye glasses.

Evelyn Garrison and Lewell Johnston have had a budding romance at some time. Anyway, Evelyn carries a picture around in which the two are lovingly coupled.

Once upon a time, John Lill owed a fine on report card day. Although he hadn't paid it, he accepted his card from a teacher. Afterward, he returned the card.

Say, John, was it because you have an honest disposition or was ti the grade on the back side?

Roses are red,
Violets are blue;
Grace and Pedro
Add up to WOO!

Billy Brown and Betty Jo Moore surely make a cute pair! Billy says he goes with Betty Jo because of her complexion. (Hint to the unlucky: Betty Jo drinks five glasses of milk daily.)

Wirt and Sanders Construct Book Truck for Librarian

As a special manual training project, Wayne Wirt, assisted by Milton Sanders, manual arts instructor, made a three-shelved book truck which will be used by Miss Geraldine Pratt, librarian, in the library.

This piece of equipment, constructed of yellow pine with a varnish finish, is made on rubber wheels which will insure quiet movement about the library.

Services of this cart in the library will be as a convenient place to keep books, a means of carrying books from the book room to the library and a place to keep books turned in while the library is closed.

Committee Makes War Preparations

Superintendent J. B. Speer attended a meeting of the Committee on Education and Defense of the State Teachers Association which met March 17-20 in Austin.

During the meeting, the committee discussed and made plans for teaching all the essential subjects such as physical sciences and correlated subjects, to help win the war. They believe these subjects will teach the students to enter the war program with the best information for the least amount of training. The committee urges all students to finish high school and get as much college training as possible.

This program and others not yet completed will go into effect as soon as they are finished and will be sent to every Texas school.

The committee also decided to add a college boy and girl and a senior high school boy and girl to serve on the committee so that it may have actual student suggestions and participation.

Expenses of the committee members are paid by the Texas State Teachers Association.

Future Farmers Begin Unit Beautifying School Campus

As a combined source of agricultural experience and community beautification, 32 first and second year Future Farmers of America are planting trees around their homes and public institutions.

Besides planting two of D. A. Nicholas' Chinese Elms on the school campus, the agriculturists are trimming the older school trees.

One of their requirements is to plant two trees a year. The boys hope to acquire more plants in the future through their own seed bed, providing conditions justify such a project.

To provide a source of income other than giving the individual boys agricultural experience, five boys have purchased 458 chickens. They are Billy Bible, Loyd Bonds, John Lill, Kenneth Smith and Harris Brown.

Gold pins resembling a shield with a loop across the top were received by Beulah Hammond, Martha Oliver and James Thomas Harp for being elected to Who's Who. Clarence Thompson did not choose to purchase one.

The end of the world series leaves the nation ready to devote its attention to some of the serious problems that confront us.

FHT Pupils Plan District Event

Ellen Sanders Is Voting Delegate from Canyon

A "Future Homemakers for Defense" theme will prevail when girls from 11 chapters in the second district of Area I gather at Panhandle, Saturday, March 28, for an informal get-together.

The Amarillo Senior High School chapter and Mrs. Sue Donald, sponsor, has arranged a program centered around "Our Part for Uncle Sam," while Miss Mary Zimmer of Groom will direct the boys' division. Three novelty numbers by Sam Houston Junior High School, Horace Mann and Central Junior High School will be featured during the day's activities.

Mrs. John O'Keefe and the Panhandle High School homemakers will serve a light luncheon at the noon hour for the visitors.

As a state officer, Shirley Harrell will make announcements concerning the Homemaker's Rally in Dallas, April 17-18 while Martha Jean Dowd, local chapter president, will preside over the voting delegates' meeting that afternoon where Ellen Sanders will cast a vote for the Canyon High School girls.

Journeying Saturday from Canyon will be Shirley Harrell, Mary Alice Campfield, Margaret Lair, Vergie Ruth Haines, Evelyn Black, Ellen Sanders.

Molly Nan Ziegler, Anita Davis, Martha Jean Dowd, Polly Winstead, Juanita Anderson and Miss Rose Parsley, sponsor.

First Year Homemakers Find Sugar Rationing Substitutes

To cope with the national government in sugar rationing, first year homemaking students, with Miss Josephine Browning as practice teacher, have adopted some satisfactory substitutes for sugar to be used in the unit on desserts. The chart for sugar equals in recipes as posted by Miss Browing is:

1. ¾ cup honey equals one cup sugar minus ¼ cup of milk, eggs or both.

2. ¾ cup molasses equals one cup sugar minus ¼ cup milk, eggs or both, plus ¼ tablespoon soda.

3. ¾ cup of corn syrup equals one cup sugar minus ¼ cup milk, eggs or both.

Governor Proclaims Defense Clean-up Week for Texas

Coke Stevenson, governor of the state of Texas, has proclaimed the week of March 29 to April 4 as Civilian Defense clean-up week. Governor Stevenson urges all citizens to collect scrap and waste material and turn it in to the school or chairman of Civilian Defense in their community. Also recommended is that all homes, Defense plants, warehouses, gasoline stations, all offices and mercantile establishments be carefully conducted.

Canyon High plans to help in this program by collecting all waste material around the school and turning it in for use.

Journalists Endure Initiation While Old Members Giggle

Council Will Place Cans for Paper

To save paper, to beautify the lawn and to clear the trophy case of unnecessary books are the main objectives of the Student-Faculty Congress as decided at the meeting March 18.

Mildred Gill, as chairman of the building and grounds committee, suggested that cans be placed in convenient places for the disposal of waste paper and that bicycle racks sufficient to hold all the vehicles ridden to school be placed for continuous use. Sandy Oliver was selected to investigate the number of racks and bicycles.

A plaque for the class purchasing the most Defense Stamps was suggested by Oscar Schuette. Emphasis was placed upon the unnecessary and unsightly placing of books on the trophy case to prevent the rush of the noon hour or during assembly.

As a method of urging the council delegates to arrive on time, the group decided to charge a 10 cent Defense Stamp each time a delegate was absent or tardy twice.

Students Observe Typist Exhibition

Students comprising two commercial classes and the typing students from the study hall saw a typing exhibit by Miss Grace Phelan, the world's amateur champion typist, at West Texas State College Monday morning.

Miss Phelan won her championship at the International Typewriting Contest at the New York World's Fair where she typed 133 net five-stroke words per minute for 30 minutes. During this 30 minute period she struck 20,453 keys and made only eleven mistakes, making her accuracy 99 per cent plus. She broke the record which had stood for 14 years.

In the demonstration for the students, she typed 147 words a minute. Miss Phelan showed how the average high school and college student typed, their posture, accuracy and rhythm. Also, she carried on a conversation while typing, without making a mistake.

Miss Phelan is a graduate of Etna High School, Etna, Pennsylvania, and Dequesne University, Pittsburgh, Pennsylvania.

FFA Boy Helps Build Food Supply for United States

Doing his bit to keep Uncle Sam's food supply and his own financial resources up to par, Future Farmer of America Greenhand Earl Byrd terminated his chick and broiler project with a net profit of $62.96 and a labor income of $83.96.

Eighty-three per cent of the 576 chicks which he bought in November were ready for market in 56 days with an average weight of one and nine-tenths pounds.

The project required nine and four-tenths pounds of the commercial feed which provided the first four weeks of the chickens' diet combined with his own ration which sufficed the fowl in their latter days to make a pound of meat.

"Earl has kept his records in fine shape," asserted Instructor Loyd Devin.

"Step higher!" and she did—into thin air.

"Hungry?"

"No."

"Well in that case!" Then he smeared her pretty forehead with blood and brains—he burned her with a candle too.

No, this isn't a mystery; it is just part of the initiation services the eight new Quill and Scroll members stumbled through last Tuesday afternoon.

Then the assignments and pens were presented to Anita Davis, Martha Jean Dowd, Shirley Harrell, Pauline Winstead, Grace Robinson, Peggy Bishir, Ermin Winningham and John James Harter.

The following day, to school trooped seven husky boys and one quaint, dainty little girl who was really John James, the only male pledge.

It was obvious that several of the "boys" got up extremely early for some had shirts on backward and wore one stocking and one sock.

Besides all that, each was lugging a suitcase, pillow and an older member's books.

"Oh woe!" "My poor nose!" complained one or two pledges. This was the evident result of rolling a tennis ball up the side walk with her nose.

"Now," ordered a stately member, "you may fluff my pillow and get my books."

"Yes, sir," answered an obliging pledge.

"What would you rather have?" asked a full fledged member. The prompt reply was:

"I'd rather have habits than
clothes,
For that's where my intellect
shows.
And as for my hair,
Do you think I should care
To comb it at night with my
toes?"

Oh well, so goes the initiation.

For class, the journalism students listened to the interesting details of the pledges' first date.

Besides that, each of the pledges wrote a six line poem praising or discussing the International Quill and Scroll.

All this happened the first day of the informal initiation; the remainder of the week, the pledges spent most of their days carrying members' books and coats and fluffing pillows to be certain they were comfortable.

Pre-Easter Meeting At Methodist Church

The public is invited to join with us in our pre-Easter services, beginning on March 29 (Palm Sunday), and closing on April 5, (Easter Sunday).

It has been said: "Democracy in all its modern forms, political and social freedom as well as free religious expression, have risen from the tomb in Joseph's garden. . . . It was the Great Teacher, himself, who taught that man is a citizen of two worlds; that he owes allegiance to God first but to the state always." Then, since democracy is an outgrowth of the Christian religion, if we are to preserve democracy, we must promote the Christian religion. So, to this end, will you not join with us in this effort?

The morning services will begin at 10 o'clock each day; with evening services starting at 8 p. m. beginning Monday.

Cordially,
C. C. Armstrong, Pastor.

Miss Richardson's Birthday Party

Serving Miss Mary Moss Richardson (wearing a corsage made from garden vegetables and carrying out the theme of a vegetable salad with carrots and turnips) at a recent birthday party given in her honor is Mrs. Geraldine Green, dean of women and member of the English faculty.

Standing behind, left to right, are: Nell Green, Mrs. J. S. Humphreys, Prof. Ardis Patman, Mrs. A. Kirk Knott, Dr. B. F. Fronabarger, Dr. Knott, Mrs. Travis Shaw, Mr. Shaw, and Dr. Humphreys.

English Faculty Entertains Miss Richardson on "16th" Birthday

Sixteen candles adorned the birthday cake of Miss Mary Moss Richardson as she was entertained by the English faculty Wednesday night. To Miss Richardson's surprise, she was taken to the home of Dr. A. Kirk Knott and there those assembled greeted her with the song "Happy Birthday." At her request many of her favorite songs were sung.

At the dinner, Mrs. J. S. Humphreys presented her with a corsage made from garden vegetables. It carried out the theme of the vegetable salad and was made of flower-shaped carrots and turnips.

Miss Richardson entertained the guests with tales of her experiences at other birthday parties.

Those present were Mrs. Geraldine Green, Nell Green, Dr. and Mrs. J. S. Humphreys, Dr. Mattie Swayne, Miss Novella Goodman, Ardis Patman, Mr. and Mrs. Travis Shaw, Dr. and Mrs. A. Kirk Knott, and the honoree, Miss Mary Moss Richardson.

Your Use of the Telephone in Wartime

TODAY telephone wires are humming with the urgent messages of a nation at war.

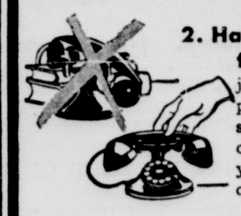
In a few localities and on certain long distance routes, these vital messages have brought heavy loads. Elsewhere we are still able in most places to give you good service, however, and there is no reason why you should not make normal use of your telephone.

But you can help us serve both you and the war effort by avoiding any wasteful use of telephone facilities. So please keep in mind these eight simple suggestions:

8 WAYS YOU CAN HELP

1. Speak clearly and directly into the mouthpiece. Having to repeat yourself takes time, and ties up the lines needlessly. Talk in normal tones with the lips about ½ inch away from the mouthpiece. It's better not to talk with a cigarette, pipe or pencil in your mouth.

5. Answer your telephone promptly. Even seconds are important these days. However, when *you* make a call, give the other fellow enough time to reach his telephone before you hang up.

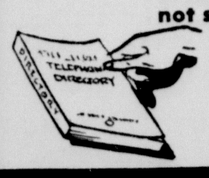


2. Hang up receiver carefully. A book or other object under the receiver may put your telephone "out of service." Replacing the receiver carefully will insure your getting all incoming calls.

6. When possible, avoid long distance "rush hours." You may avoid the possibility of occasional delays if you *do not* make long distance calls during peak hours—10-12 A.M., 2-4 P.M., and 7-8 P.M.

3. Party-line courtesies. When all users of two or four-family service try to hold conversations as short as possible—when they allow reasonable intervals between calls so that others may have a chance at the line—when they ask the children not to make needless calls—then they *all work together to give each other better service.*

7. Care in dialing. Please be sure to wait until you hear the "dial tone" — a steady humming sound — before you dial. This tone is the "number please," indicating that the equipment is ready to take your call. It does not always come immediately after you lift the receiver. You may get the wrong number if you begin dialing before you hear it.



4. Look up numbers you're not sure of. Refer to your personal number list or the directory and call "Information" only when you can't find the number there.

8. Don't say "hello." It's quicker to answer with your name, company, department, or telephone number instead.

International Phase Journalism Talk at Rotary Luncheon

International journalism was discussed Tuesday at the Rotary Club luncheon by Olin E. Hinkle, professor of Journalism of West Texas State.

Little Miss Dorothy Elizabeth Neblett gave a reading, and David Hinkle played a piano solo. "Fifty years from now the affairs of this community and this nation will be in other hands," commented Mr. Hinkle in introducing the young entertainers.

According to the speaker it is pathetic that reliable information is not possible under war conditions. Three kinds of information are given: Daily news dispatches; radio and cable messages; magazine articles. The rivalry to be right in news articles is keen among American newspaper men who are trying to cover the war. Mr. Hinkle paid high tribute to these men, and the extreme difficulties under which they labored to get the news. Plenty of advance warnings were given of the war by these writers, but the warnings were not taken seriously by the people.

As compared with the Axis powers, censorship is not so strong in England. News from there is fairly accurate. The Axis uses news events as a means of propaganda. For instance, the Japs announced that General MacArthur had fled from his troops in the Philippines.

The greatest failure of the correspondents has been to awake America to the dangers of the dictators. This has been brought about by propaganda. Favorite sayings were: The United States is too strong to be attacked; the Japs will not attack Pearl Harbor; the Japs can be whipped in three months"—were expressions planted in this country by the Axis. The ignorance of our people to geography is one of our greatest handicaps.

According to the speaker, there is need of a will to know the truth; a will to prepare—sweat between wars; will to be a good neighbor; will to organize for defense; will to protect weaker nations.

We are a nation of suckers for isms—idealism and good news. We do not like to hear bad news. The English have always stayed by an ideal, sticking to the highways, but the Japs went around them through the jungles. After all, man is the most dangerous animal that lives, believes the speaker.

Visitors were: Ted Neelley and Charlie Rogers of Amarillo; Mrs. R. A. Neblett, Dorothy Elizabeth Neblett and David Hinkle.

The club will meet at 12:10 o'clock next Tuesday noon instead of 1:10 o'clock.
